

MOCK TECHNICAL INTERVIEWS WITH J&J

When: September 20 – 30 Where: Virtual Event

Signups are in order of application & Close September 16th

Johnson & Johnson [WiSTEM²D](#) Florida is excited to announce we are offering **virtual mock technical interviews!**

Target Interviewees: Undergraduate Female STEM students, but all students are welcome.

Interviewers: Interviewers are industry professionals in medical device ([J&J Vision](#)) with backgrounds in Science, Technology, Engineering, Math, Manufacturing and Design.

What to Expect: This interview will include technical questions typically given for entry level Engineer/Scientist positions. The interview will be ~30 minutes, with ~15 minutes of feedback. This interview will not include questions on interpersonal skills.

Sign-Ups: Students can sign up through this [LINK](#) and choose a date and time convenient to them. A waitlist will be created in the event slots become available if all are taken. **Signups close 9/16/2021 at 11:59PM ET and are first come first served.**

Scheduling: A Teams Link will be sent prior to the interview. **Students should send their resume to the interviewer (contact via email on Teams invite) in advance**, so the interviewers can best customize questions based on the student's background.

This is not a recruiting event. This event is being offered as a coaching resource and interviewers cannot assist in job searches. If students are interested in working for J&J, please visit [careers.jnj.com](#) or [J&J Talent HUB](#).
